

THE WORLD'S MOST  
TRUSTED BUILDING CHEMICALS

# Project Commercial

**HYPERDESMO® SYSTEM in Sarpi Border Checkpoint,  
Georgia.**

# Project Description

Another successful application of ALCHIMICA'S HYPERDESMO® SYSTEM has been completed. Our products were chosen to refurbish the 8.650 sqm roof of the Border Checkpoint Building in Sarpi, Georgia. The 40 meter high tower consists of multiple levels overlooking the Black Sea coastline, at the Georgian border with Turkey.

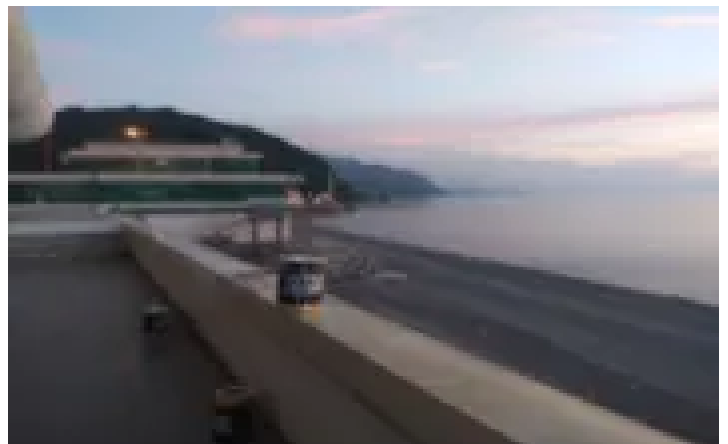

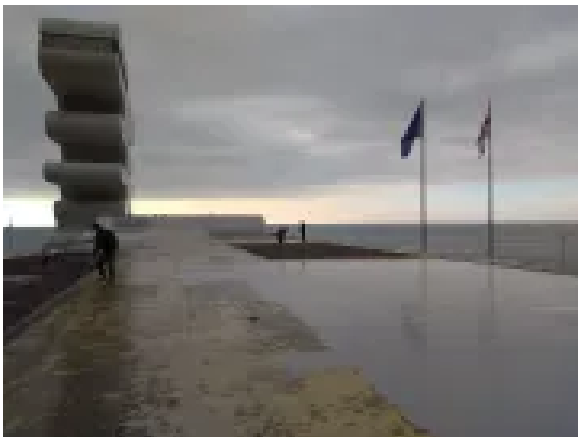

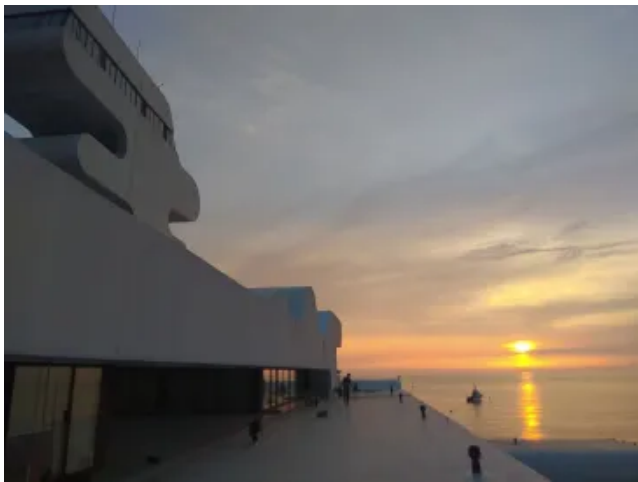

System Applied:

Primer: UNIVERSAL PRIMER

Sealant: HYPERSEAL® 25 LM S

Main Coat: HYPERDESMO® Classic (2 coats)

Top Coat: HYPERDESMO® ADY-E (White)
